

# Chu Shogi Tsumeshogi Solutions – Volume 1

A. M. DeWitt

## Introduction

A **tsumeshogi** is a mating problem where you play as Black and try to force mate the enemy, White, as fast as possible. All moves by the moving side must be checks (attacking the white King and/or Prince). The enemy must always make the move that delays checkmate as long as possible. It is assumed that the friendly side will immediately lose otherwise.

## Notation Guide:

Chu Shogi typically uses the Shogi coordinate system, used here in its Westernized format.

However, the Interactive Diagrams store the coordinates internally using the SAN notation, which is shown by default. The solutions can be copied to their respective Diagram by pressing the “Play it!” link to open the AI panel, and then paste the corresponding line starting with "{123456789}" into the panel's text box.

Movement notation will start with the piece ID (shown in the table on the next page), and will usually be followed up by the destination coordinate. If needed, the origin coordinate\* and/or a movement type symbol (- for move or x for capture) will precede the destination coordinate. This may be followed by a second movement type symbol and the destination coordinate, or a promotion symbol (+ for promotion or = for deferral).

\*In SAN notation, this is typically only the file letter, but can be the rank number or the whole coordinate if needed. In Shogi notation, this is always the whole coordinate.

## **Shogi Coordinates (Click SAN Coords button to display on board)**

```
left      right
12a -- 1a   top (White half)
|         |
12l -- 1l   bottom (Black half)
```

## **SAN Coordinates (Click Shogi Coords button to display on board)**

```
left      right
a12 -- l12  top (White half)
|         |
a1  -- l1   bottom (Black half)
```

## Piece IDs

ID = Name	Mnemonic Image (Black)‡	‡Promoted versions of starting pieces have a dot (or a hollow cross if royal) in the center. White's pieces are flipped if their movements are asymmetrical.					
P = Pawn		E/+I = Drunk Elephant		B/+F = Bishop		+T = Flying Stag	
I = Go Between		X = Phoenix		R/+G = Rook		+L = White Horse	
C = Copper General		O = Kirin		H/+B = Dragon Horse		+A = Whale	
S = Silver General		L = Lance		D/+R = Dragon King		+M = Free Boar	
G/+P = Gold General*		A = Reverse Chariot		Q/+X = Queen		+V = Flying Ox	
F = Ferocious Leopard		M/+C = Side Mover		N/+O = Lion		+H = Horned Falcon	
T = Blind Tiger		V/+S = Vertical Mover		K/+E = King*		+D = Soaring Eagle	

\*The promoted versions of the King and Gold General are typically called Tokin and Prince, respectively.
